Commissioner:

The references cited on attached form PTO/SB/08A and PTO/SB/08B are being called to the attention of the Examiner. Copies of the references [in compliance with the requirements of 37 CFR §1.98(a)(2)] are enclosed.

It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

Reference CC cited in this IDS is a commonly owned issued U.S. Patent. A copy of this application and its prosecution history is available on PAIR and is believed to be readily accessible to the Examiner.

References AI, BP, BX and CB cited in this IDS were cited in a Non-Final Office Action mailed January 26, 2010 (cited in this IDS as reference 1310_A) in commonly owned U.S. Patent Application No. 09/999,074. Reference 1310_B cited in this IDS is a Final Office Action mailed October 27, 2009 in U.S. Patent Application No. 09/999,074. Copies of the actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AP, AQ, BA, BM, BN, BS, BU, CA, and CH cited in this IDS were cited in an Office Action mailed January 21, 2010 (cited in this IDS as reference 1390_A) in commonly owned U.S. Patent Application No. 10/145,684. Reference AJ cited in this IDS was cited in an Office Action mailed June 16, 2005 (office action previously cited in an Information Disclosure Statement filed May 4, 2006) in U.S. Patent Application No. 10/145,684. Copies of the actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References AK, BL and BW cited in this IDS were cited in an Office Action mailed October 31, 2007 (office action previously cited in an Information Disclosure Statement filed April 9, 2008) in commonly owned U.S. Patent Application No. 09/998,910, now U.S. Patent No. 7,581,011. Reference BT cited in this IDS was cited in an Office Action mailed April 25, 2006 (office action previously cited in an Information Disclosure Statement filed April 9, 2008) in U.S. Patent Application No. 09/998,910. Reference 1190_A cited in this IDS is a Non-Final Office Action mailed October 7, 2008 in U.S. Patent Application No. 09/998,910. Copies of the office actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

Reference AW cited in this IDS was cited in an Office Action mailed September 18, 2007 (office action previously cited in an Information Disclosure Statement filed June 19, 2008) in commonly owned U.S. Patent Application No. 09/999,074. Reference CE cited in this IDS was cited in an Office Action mailed March 24, 2005 (office action previously cited in an Information Disclosure Statement filed May 4, 2006) in U.S. Patent Application No. 09/999,074. Copies of the actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

References BI and BK cited in this IDS were cited in an Office Action mailed December 18, 2003 (office action previously cited in an Information Disclosure Statement filed September 3, 2009) in commonly owned U.S. Patent Application No. 09/997,410, now U.S. Patent No. 6,782,379. Copies of the actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

Reference BR cited in this IDS was cited in an Office Action mailed March 7, 2007 (office action previously cited in an Information Disclosure Statement filed April 9, 2008) in commonly owned U.S. Patent Application No. 09/998,898, now U.S. Patent No. 7,475,151. References BJ, BO and BQ cited in this IDS were cited in an Office Action mailed March 28, 2006 (office action previously cited in an Information Disclosure Statement filed March 19, 2007) in U.S. Patent Application No. 09/998,898. Copies of the actions are not included with this IDS since copies of the application and its prosecution history are available on PAIR and are believed to be readily accessible to the Examiner.

Previously Filed References

Reference CM cited in this IDS was previously cited in an IDS filed June 19, 2008 in the present application. However, the reference was not considered by the Examiner due to the fact that the reference was missing page numbers. Applicant respectfully requests that this reference be now considered by the Examiner.

References AA-AH, AL-AO, AR-AV, AX-AZ, BB-BH, CD and CF cited in this IDS were previously cited in an IDS filed March 17, 2004 in the current application. However, applicant is unable to view this IDS as filed on PAIR and has no record of the references being considered by the Examiner. In abundance of caution, these references are being resubmitted in this IDS. Applicant respectfully requests that these references be considered by the Examiner.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Applicant believes that no fee is required for submission of this statement.

However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

/Sujit B. Kotwal/
